

Team Leader – Case Management

Position Description

Position Title	Team Leader Case Management
Reports To	Regional Manager, Case Management
Base Location	TBA
Primary position objective	The Team Leader – Case Management position is primarily responsible for the effective case management and coordination of people experiencing or at risk of homelessness. This role leads a small team in holistic client centred support. The purpose is to keep the team functioning and focused on clients.

St Vincent de Paul Society

The St Vincent de Paul Society is a lay Catholic volunteer-based organisation that makes a real difference to the lives of people who are forced onto the margins of society. The Society has been working in communities in New South Wales for 131 years. Our members live and work in these communities and are there for the long-haul, helping people rebuild their lives in any way possible.

Our Conferences and services are busier than ever, as more and more people struggle to make ends meet, and cope with the demands of modern day life. Through home visitation, a tradition that has stood the test of time for 150 years, Conference members visit people in their homes, providing support, friendship and material assistance. Importantly, members also visit people experiencing deep isolation and loneliness in hospitals, prisons and detention centres.

Through our Retail Centres, we not only provide a visible port of call for people experiencing hardship, but also raise crucial funds that are injected straight back into the local community to help those people most at risk of falling through the cracks.

The Society continues to address inequality and injustice through a range of services including: homeless services; education and recreational programs; domestic violence services; assistance to migrants and refugees; clothing and assistance centres; mental health programs; vocational services for people with a disability; drug, alcohol and gambling counselling services; financial counselling; disaster recovery; rural services and food vans.

Many people's lives are pulled apart by social and economic structures that exclude them from participating fully in their community. By working with people and empowering them, the Society assists people to build the skills and capacity for sustainable change in their lives.

Organisational Overview

SVDP NSW Support Services provides support for people experiencing or at risk of homelessness in NSW. It is a Special Work of the St Vincent de Paul Society of NSW and is comprised of 15 plus different programs across the state. SVDP NSW Support Services cares for single men and women, women and children, two parent families, men with children and young men and women who are experiencing or at risk of homelessness. All our services provide case-management and advocacy for each client.

Duties and Responsibilities

Supervision and Leadership

- To provide supervision, guidance and leadership to case management services across a broad spectrum of clients in community based support and based in our Support Services accommodation.
- Foster a service culture characterised by partnership and collaboration both within the team and across the Service and other stakeholders and clients
