

Position Description

Early Childhood Intervention Professional Level 1

Classification	ECIS Level 1
Program/Department	Services
Reports to	Team Leader
Supervises	-

About Noah's Ark

Noah's Ark is a not-for-profit community organisation providing early childhood services to children with disabilities and additional needs. We are the largest early childhood intervention service operating in Victoria and the ACT.

We are driven by a strong philosophy and core values, and have always placed children and families at the centre of all the work we do. We value all our staff and strive to provide a positive working environment where everyone feels supported, valued and able to achieve their goals.

Our staff have a passion for transforming the lives of children and are united in a commitment to providing quality services. We know that the work we do with children and families can make a profound difference.

Position summary

The role of the Early Childhood Intervention Professional is to work as part of a trans-disciplinary team to deliver high quality, accountable, early childhood intervention services to families. This is realised by working with families to:

- identify their needs;
- problem solve ways of meeting these needs;
- provide direct intervention as agreed; and
- build each family's capacity to advocate for themselves and access local children's services and other community resources.

A Level 1 ECIS professional will work under close supervision and with considerable support from their team leader and other team members.

Key responsibilities

In line with Program Guidelines and Noah's Ark Practices:

- With assistance, act as key worker for allocated families
- With support and advice from your supervisor, a member of your own professional discipline and other team members, provide direct support to children with disabilities and their families
- Prepare relevant reports and service data
- Contribute to continuous development of a high quality service
- Develop and maintain effective internal and external working relationships
- Plan optimal use of time on a day to day basis
- Manage own performance and professional development and participate in the Planning, Performance Review & Development process.

Key result areas

1. Service Delivery

- Families are consulted with effectively and understand the expectations, aims and purpose of ECIS
- Family Service and Support Plans are developed and evaluated in consultation with families and respond to identified and agreed needs
- Provides direct intervention according to identified needs and own qualifications
- Consults with other team members, services and organisations providing services to the family to support a complementary and co-ordinated approach to service delivery
- Provides beginning consultancy advice to the trans-disciplinary team related to own discipline
- Builds the family's capacity to respond to the needs of their family and to access community resources
- Records data and provides documents according to reporting requirements in an accurate and timely manner
- Contributes to service development initiatives

2. Relationships

- Interacts respectfully and effectively with others
- Interacts with families using family centred, strength based and reflective practices
- Regular communication with supervisor on all aspects of your role
- There are no serious, legitimate and substantiated complaints regarding the actions of the Early Childhood Intervention Professional.

3. Own Discipline

- Maintains and updates discipline specific skills
- Own professional development needs are identified and updated as required

4. Organisation

- Maintain knowledge of Noah's Ark policies, procedures and practices
