Important Information

Use our on-line application system to apply for this position. This can be accessed through the Jobs at Council section of Council's website www.esc.nsw.gov.au

Claims against the selection criteria

This is the most important part of the application:

- Only applicants who address the selection criteria will be considered for the position.
- The job description outlines the duties of the role and describes the selection criteria that your application will be checked against. It is recommended that you include examples where you can.
- Selection for interview is based on the responses you make to these criteria.
- The selection criteria are mandatory fields in the online application system and you will be required to provide a response to these criteria as part of the application process.

Prepare your resume (or CV)

- Prepare or update your resume (or CV) including your personal details, education and training, any relevant licences or certificates, employment history and contact details for at least two referees.
- Save your resume as a Microsoft word document or a PDF document, so it is ready for you to attach to your online application.
- Your resume should include a description of your skills, knowledge, personal qualities, experience and how they relate to the position.

Upload your resume, complete all sections of the online process and press submit to lodge your application.

Confidential referee checking will be carried out to verify the information provided in your application and at the interview. We will not contact any of your nominated referees without seeking your permission first.

For further information on how to make a great application don't hesitate to contact the Council's recruitment team on (02) 4474 1016.

Position Description

Bridge Carpenter/Operator

Position Code	362
Division	Works
Location	Moruya Depot
Band/Level	Administrative / Technical / Trades Band 2 Level 2

Council values

The Eurobodalla Shire Council is guided by organisational values of collaboration, respect, team spirit, professionalism and openness and trust. These values contribute to the organisation's strategic direction and assist with decision making.

Our values represent 'the way we do things' and underpin the range of professional relationships we have with others in our day-to-day work. By reflecting and upholding our values throughout the organisation, we can make a positive difference for our community and our colleagues.

We are proud to be an equal employment opportunity employer. We have a strong commitment to enhancing equality of employment opportunities for all people, including those from diverse and minority backgrounds.

 Our values	We are collaborative	We ask for and share ideas, insights and knowledge. We find strength and reward in working together.
	We are respectful	We show respect and compassion to each other and our community. When there are issues, we go to the sources.
	We show team spirit	We nurture and value our relationships, bringing out the best in each other.
	We are professional	We act with integrity, take pride in our work and always think first of our community. We aim for excellence in all that we do.
	We are open and trusting	We are upfront and sincere and trust our colleagues to respect our honesty and vulnerability. We look for the best in people and expect that in return.

Primary purpose of the position

To assist Works Supervisor to prepare, control and monitor a project in construction work or maintenance activity. To assist to realise a safe and well organised project. Undertake control and responsibility of small construction and maintenance activities and undertake plant operating tasks.

Main duties and key result areas (KRA)

1. Carry out construction and maintenance tasks relating to timber and concrete bridges, wharves, jetties, pontoons, boat-ramps, major culverts, and small to medium sized structures and buildings.
KRA: Competently carry out maintenance and construction of timber bridges to a trade standard.
2. Assist in the preparation, control and monitoring work project for construction works or maintenance related to bridges/wharves/boat ramps and other carpentry works, including assisting in project planning, monitoring, reporting on expenditure vs. budget, document control and preparing estimates including during supervisors absence.
KRA : Works effectively planned in advance to permit safe, well-organised allocation and use of resources including plant, materials, staff, sub-contractors and service providers. Agreed level of service is achieved. Programmed works are carried out as scheduled. Budgets are drafted satisfactorily, monitored to identify anomalies and reported on, as project progresses. All project documentation is accurate and timely.
3. When required, lead a small team.
KRA: Team achieves required work plan within Council's policies and procedures.
4. Assist in the management of staff, contractors, and sub-contractors including work team performance feedback and training in doing construction and maintenance projects.
KRA : Project outcomes meet quality, safety and environmental obligations. A willing team environment is maintained. Positive communication is maintained with staff, contractors, public and others. All parties work constructively to achieve project outcomes in accordance with Council Policy and Procedures. Assist in regular team feedback to promote service delivery improvement, remedy non-conformance and identifying staff training opportunities.
5. Actively undertake physical labouring and other related construction or maintenance manual activities.
KRA : Tasks carried out safely using correct tools and equipment. Tasks are completed in a safe, timely manner to an acceptable industry standard without guidance.

6. Assist in providing customer service and liaison with the public, other service providers and government departments in relation to construction and maintenance projects and enquiries.
KRA : Positive communications with all parties is maintained. Eurobodalla Shire Council customer service reputation maintained or enhanced and response times meet Council Standards.

7. Actively participate in the continuous improvement of Council's construction and maintenance activities.
KRA : Workplace underperformance and inconsistencies are reported to supervisor. Suggestions for workplace performance improvement provided to supervisor. Improvements to focus on safety, performance reporting, productivity gains, quality and value for money aspects related to Council's construction and maintenance activities.

8. Within area of responsibility, ensure
 - * the application of EEO and Diversity principles, and
 - * the health and safety of all persons through the implementation of, and compliance with Council's WHS Policy and procedures.*KRA : WHS Policy and WHS system implemented together with demonstrated compliance with EEO and Diversity principles and practices.*

Qualifications/Experience (Selection Criteria)

Essential

1. Trade certificate in Carpentry or the Bridge field or significant experience in timber construction and/or maintenance.
2. Experience in successfully undertaking physical labouring tasks including working at heights, within confined spaces and the marine environment.
3. Proven related ability to assist in the control and monitoring of projects in Council's construction and maintenance setting.
4. Developed technical field skills to competently undertake practical components of Council's construction and maintenance activities.
5. Basic understanding and experience in plant capabilities and outputs used in the construction and maintenance area.
6. Demonstrate commitment to supervise, mentor and create willing work teams and contractors to achieve work program obligations.
7. Developed oral and written workplace communication skills.
8. Developed literacy and numeracy skills.
9. Developed computer literacy skills.
10. Class MR Licence (or current Class C driver's licence with willingness and ability to obtain MR Licence soon after commencement).
11. WorkCover WHS Induction Construction (white card) certificate (or willingness and ability to obtain prior to commencement).
12. Traffic Control with a Stop/Slow bat (Blue) Certificate (or willingness and ability to obtain prior to commencement).

13. Apply Traffic Control Plans (Yellow) Certificate (or willingness and ability to obtain with Council assistance).
14. Demonstrated knowledge of, or an ability to quickly gain knowledge of, Council's WHS Policy and WHS System and EEO and Diversity related policy and practices.

Desirable

1. Experience working on concrete and timber bridges.
2. Experience in general concrete works.
3. Dogman's certificate or experience in the safe lifting of loads.
4. Plant Operators permit/certificate
5. Experience in planning and organising small to medium, sized projects.
6. Experience in or ability to lead a small team.
7. Certificate IV Civil Construction Supervision qualification.

**The requirements outlined in Council's Policies and Codes of Practice
apply to all employees of Council.**
